

Foundation for California Community Colleges Selects PortalGuards Integrated Authentication Package for its CollegeBuys Program

Bedford, NH, January 27, 2017 - Through the *CollegeBuys Program* PortalGuard will begin to provide community colleges in the state of California with an exclusive cost savings password management solution. This program allows community colleges to search, collaborate, and select preferred vendors for their purchasing needs in a central hub. The program offers vendors from classroom materials to software products and services.

PortalGuard is working with several community colleges and community college districts across the nation with password security management. California currently is one of the largest customer bases for our software solution. The amount of hands-on experience and knowledge of this market makes PortalGuard an ideal product for any school.

By being part of [The CollegeBuys Program](#), PortalGuard will offer special discount pricing to all community colleges who purchase a license. To learn more about this discount and PortalGuards Integrated Authentication Package schedule a 1:1 meeting with an engineer today.

About BIO-key International, Inc. (www.BIO-key.com)

BIO-key is revolutionizing authentication and cybersecurity with biometric-centric, multi-factor identity and access management (IAM) software securing access for over thirty-five million users. BIO-key allows customers to choose the right phish-resistant authentication factors for diverse use cases, including phoneless, tokenless, and passwordless biometric options when users cannot use phones or tokens to sign in. Its hosted or on-premise PortalGuard IAM solution provides cost-effective, easy-to-deploy, convenient, and secure access to computers, information, applications, and high-value transactions.
