

BIO-key Showcases Biometric Identity Innovations at Africa Tech Festival 2025, November 10-13

BIO-key joins partner Altron Arrow to demonstrate passwordless and identity-bound biometric authentication solutions for Africa's digital future at the Cape Town Convention Centre, Booth H72

Holmdel, NJ & CAPE TOWN, South Africa – Nov. 10, 2025 – [BIO-key International, Inc.](#) (NASDAQ: BKYI), a global leader in biometric-centric Identity and Access Management (IAM), will showcase its latest passwordless authentication innovations at [Africa Tech Festival 2025](#), November 10–13 at the Cape Town International Convention Centre (CTICC), Booth H72.

BIO-key will join the continent's leading technology innovators, government leaders, cybersecurity experts, and enterprise decision-makers to explore the future of secure digital identity and digital transformation in Africa.

Attendees will experience BIO-key's [Identity-Bound Biometrics](#) (IBB) for secure access, the [PortalGuard® IAM](#) platform for enterprise identity management, and the [Passkey:YOU™](#) solution for personal passwordless authentication, enabling organisations to fully embrace passwordless, phoneless, and tokenless authentication with unmatched security and accessibility.

"Africa is entering a new era of digital identity and cybersecurity modernization. Our participation reflects BIO-key's commitment to helping organizations secure access through trusted, user-friendly authentication technologies — without dependence on devices or passwords. Together with Altron Arrow, we aim to make enterprise-grade IAM accessible across industries and markets on the continent," said Nicholas Prinz, Regional Director - Middle East & Africa, BIO-key, International.

"Africa is one of the most dynamic and forward-looking regions when it comes to digital transformation. BIO-key's presence at Africa Tech Festival reflects our commitment to supporting that momentum with trusted, scalable, and inclusive identity solutions. Working alongside our partner Altron Arrow, we aim to empower governments, enterprises, and citizens to access digital services securely and seamlessly — unlocking the full potential of Africa's connected future." — Alex Rocha, Managing Director –BIO-key, International (EMEA).

Visitors can meet the BIO-key team and experience live solution demonstrations throughout the event at the Booth (H72).

About BIO-key International, Inc. (www.BIO-key.com)

BIO-key is revolutionizing authentication and cybersecurity with biometric-centric, multi-factor identity and access management (IAM) software securing access for over forty million users. BIO-key allows customers to choose the right authentication factors for diverse use cases, including phoneless, tokenless, and passwordless biometric options. Its cloud-hosted or on-premise PortalGuard IAM solution provides cost-effective, easy-to-deploy, convenient, and secure access to computers, information, applications, and high-value transactions.

BIO-key Safe Harbor Statement

All statements contained in this press release other than statements of historical facts are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995 (the "Act"). The words "estimate," "project," "intends," "expects," "anticipates," "believes" and similar expressions are intended to identify forward-looking statements. Such forward-looking statements are made based on management's beliefs, as well as

assumptions made by, and information currently available to, management pursuant to the "safe-harbor" provisions of the Act. These statements are not guarantees of future performance or events and are subject to risks and uncertainties that may cause actual results to differ materially from those included within or implied by such forward-looking statements. These risks and uncertainties include factors set forth under the caption "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2024 and other filings with the SEC. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date made. Except as required by law, we undertake no obligation to disclose any revision to these forward-looking statements, whether as a result of new information, future events, or otherwise.
